## Education

---

- **Govt higher secondary school, kombankulam** 2016-17  
SSLC  
80 %
- **Govt higher secondary school, kombankulam** 2018-19  
HSC  
60 %
- **VV college of engineering,tisaiyanvilai** 2019-23  
Computer science engineering  
7.5cgpa

## Projects

---

- **College ERP system**  
Developed a full-stack College ERP (Enterprise Resource Planning) system to streamline academic and administrative operations. The application includes separate login panels for Admin, Faculty, and Students. Key features include student registration, course management, attendance tracking, timetable scheduling, internal marks entry, and notice board management.
- **Portfolio**  
Developed a dynamic portfolio landing page using React, featuring a custom header with SVG integration, animated page transitions, and interactive navigation. Included scroll-lock behavior, accessible layout, and seamless route handling with React Router.

## Certificates

---

- Full Stack Web Development Certification

## Experience

---

- **Mavepizon** -  
Full Stack Web Development Intern  
Completed a 6-month intensive internship-style training in full stack web development.  
Built responsive web applications using HTML, CSS, JavaScript, React, Node.js, Express, and MongoDB.
