Education

- **Govt higher secondary school, kombankulam** 2016-17
SSLC
80%
- **Govt higher secondary school, kombankulam** 2018-19
HSC
59%
- **VV college of engineering,tisaiyanvilai** 2019-23
Computer science engineering
7.5cgpa

Projects

- **College ERP system**
Developed a full-stack College ERP (Enterprise Resource Planning) system to streamline academic and administrative operations. The application includes separate login panels for Admin, Faculty, and Students. Key features include student registration, course management, attendance tracking, timetable scheduling, internal marks entry, and notice board management.
- **Portfolio**
Developed a dynamic portfolio landing page using React, featuring a custom header with SVG integration, animated page transitions, and interactive navigation. Included scroll-lock behavior, accessible layout, and seamless route handling with React Router.

Certificates

- Full Stack Web Development Certification

Experience

- **Mavepizon** -
Completed an intensive Full Stack Web Development course focused on real-world application development
Built responsive web applications using HTML, CSS, JavaScript, React, Node.js, Express, and MongoDB

Skills

- Python
- Html
- Css
- Bootstrap
- Javascript
- Node js
- React
- Express js
- Mongo db
- Linux
- Github

Soft Skills

- Problem solving mindset
- Strong logical thinking
- Team collaboration
- Adaptability and quick learner
